RIGHT TO REPRESENTATION

Section 7114 (2) (b) of the Federal Service Labor-Management Statute established specific rights for bargaining unit employees who are examined by an agency representative in connection with an investigation. In this situation, if the employee reasonably believes that he or she may be subjected to discipline, and if he or she requests representation, the agency may proceed with the examination (if it chooses to do so) only after the exclusive union has been afforded an opportunity to be present.
